The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single difference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should preferably be employed.

Prediction On The Basis of Bhavas

Ascendant Lord

In your chart, the Ascendant-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). Besides, this house has governance over bed, bed-pleasure, espionage, sinful deeds, bed-ridden condition, imprisonment, long-duration staying in foreign countries or distant places, back-biters and hidden enemies, misery, poverty, decline, confiscations and losses. This house also rules over the left eye and feet. Since most of the attributes are unfavourable, it is not a fortunate thing to have the Ascendant-lord situated in the 12th house -- unless some modifying combinations are present in the chart. However, if your Ascendant is Aquarius, it will give rise to an auspicious 'yoga' and will offer beneficial results in almost all respects. If a natural benefic planet is situated with the Ascendant-lord or aspects it, then the position will be considerably improved; but if a natural malefic planet is situated with the Ascendant-lord or aspects it (while no other modifying influences are present in the chart), then your position will become deteriorated and you may have to undergo sufferings for facing critical situations. On the bright side, this position favours long-duration stay in distant places or foreign countries; students going to foreign countries for further studies/ researches by receiving scholarships often have this combination.

Lord of 2nd House

In your chart, the second-lord is situated in the second house itself, which is called the house of wealth (Dhana). This is a highly favourable 'Dhana Yoga' combination and you will be very fortunate in respect of all favourable 2nd house attributes : wealth, family, speech, education, property, food and drink, enjoyments, etc. This combination specially favours the health and well-being of your spouse also. If the Ascendant-lord is also situated in the 2nd house or if a natural benefic planet is either associated with the 2nd-lord or aspects it, then the beneficence of the wealth-giving 2nd-lord becomes much more; If Jupiter or Venus is situated with the 2nd-lord, it makes one highly fortunate. If the 2nd-lord is neither associated with nor aspected by a natural malefic planets, it gives wealth in abundance through honest means. If Saturn or Ketu is situated close to the 2nd-lord, then it might cause squeezing of the inflow of earnings and may create quarrels and misunderstandings among the family-members; if Mars or Rahu is situated close to the 2nd-lord, then it can give wide fluctuations. If a 'combust' or "eclipsed" planet is situated in the 2nd house, then it indicates disease affecting the body-part denoted by the sign it is in.

Lord of 3rd House

In your chart, the third-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). Since the 3rd house rules over younger co-borns and kindred, you may not be in very cordial terms with them or you may have to stay away from them as you might reside in a distant place. As the 3rd house rules over the lower mind, you may have a passionate nature and have a deep-seated desire for having intimacy with the members of the opposite sex. Alternatively, you may have a dreamy nature and may have a fertile imagination; besides, you may have deep interest in the occult or mystic subjects. As the 3rd house rules over changes and the 12th is the 3rd from the 10th, you may have change of profession a few times or you may hold a transferable job; you may have many journeys to distant inland places in connection with your profession -- more so if a natural benefic planet is situated in or aspects the 12th house and the 3rd house is also similarly disposed; but if a natural malefic planet is situated in or aspects the 12th house and the 3rd house is also similarly disposed, then you may face traffic accidents a few times for which you may become bed-ridden and may even need hospitalization. If your Ascendant is Scorpio, then

you will enjoy better results as the 3rd-lord will be exalted in the 12th but if your Ascendant is Aries, then the results will be opposite as the 3rd-lord will be debilitated in the 12th.

Lord of 4th House

In your chart, the fourth-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). If the 4th-lord or the Moon is well-placed, then it is good for the health and well-being of your mother; but if both are ill-placed, then your mother may not be in good health or may have to remain separated from your mother from a fairly early age. Alternately, you may spend a good part of student-life in hostels. This position is considered to be good as it endows happiness. It gives residence in distant places or foreign countries for long durations. If your 5th-lord is well-placed, then you will be very intelligent and meritorious; in addition, if the 6th-lord is also well-placed, then you will have chances of winning in competitive examinations or special competitions. You are very much likely to receive some scholarship or grant for pursuing higher studies or for conducting researches in a foreign country -- this will be more so if your 9th-lord is also well-placed. However, you may acquire the tendency of spending much for the sake of pleasure which you should try to control. If the 12th-lord is well-placed, then you will have special interest in mysteries and investigations; in your researches, you might come out with novel findings.

Lord of 5th House

In your chart, the fifth-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). If your Ascendant is Virgo, you will be highly fortunate since your 5th-lord will be the 6th-lord too and for being situated in the 12th, as 'Veepareeta Raja Yoga' will be generated, you will enjoy favourable results in many respects. Otherwise, this is not a favourable position. If Mercury is also ill-placed, you may lose your discretion; if Jupiter is ill-placed, you may not be able to secure a lucrative position and may become worried or unhappy on account of your children -- more so if a natural malefic planet is situated in the 5th house or aspects it, in which case you may have difficult child-birth. You should refrain from all sorts of speculations and investments as losses are feared -- more so if the 12th-lord is also ill-placed. You may not have much of fortune in or from distant inland places and/ or foreign countries, which you should also keep in your mind. If Venus is not well-placed, then taking plunge into adventurous love-affairs could spell ruin to you; if a natural malefic planet influences either the 5th house or the 12th house by association or aspect, then you may become a victim of slander and disrepute; but if a natural benefic planet is situated in the 12th house or aspects it, then the situation will be much improved.

Lord of 6th House

In your chart, the sixth-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). This is a favourable combination in respect of having material gains as a trika-lord situated in another trika house gives rise to beneficial 'Veepareeta Raja Yoga'. This yoga favours having sudden gains from unexpected sources but this happens in a place quite far away from the birth or native place. But for its peculiar attribute, your relatives may become secretly inimical and you may have some other enemies in your circle who would like to cause you harm. You will possess a special ability to effectively utilise any available opportunity; but you may have to use some opportunists for fulfilling your purpose, who may later become liabilities for you. You may tend to take big risks and consequently may remain in perpetual tension. Although normally you will remain in good health, ever-increasing stress might occasionally lead you to bed-ridden condition and you may need hospitalization for short-durations.

If a natural benefic planet is situated in the 12th house or aspects it, you may become very

extravagant; but

if a natural malefic planet is placed in the 12th house or aspects it, you may run the risk of incurring losses; if mixed influences prevail, then you may become careless in money-matters and may become a spendthrift.

Lord of 7th House

In your chart, the seventh-lord is situated in the second house, which is called the house of wealth (Dhana). If your Ascendant is either Aries or Libra, then the 7th-lord will be the 2nd-lord also; the 2nd-lord situated in own-sign in 2nd will make you fortunate in respect of your family and wealth. You may earn a lot by running a brisk business. If Jupiter or Venus is also situated in the 2nd or aspects it while the 7th-lord is associated with or aspected by a natural benefic planet, then you may have gains from law-suit(s); reverse will be the results if natural malefic planets are situated in the 2nd and the 7th both and if Saturn or Ketu is situated either in the 4th or the 8th. If your Ascendant is Cancer, the 7th-lord will become the 8th-lord too and will aspect it; this will make your longevity high and you will lead a trouble-free life. In other cases, it is not very good as the 7th and the 2nd both are 'maraka' houses and one maraka-lord situated in another gives rise to health-problems. If the 7th-lord is a natural malefic planet, then in 2nd it can affect eye-sight -- more so if either the Sun or the Moon is also associated with a malefic planet; if either Rahu or Ketu is also situated in the 2nd, violent quarrels may break out in your family all on a sudden and may result in separation(s). If your Ascendant is Capricorn, then you may suffer from blood-pressure or the shank portions of your legs might become swollen owing to accumulation of body-fluids.

Lord of 8th House

In your chart, the eighth-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). This is a favourable combination in respect of having material gains as a trika-lord situated in another trika house gives rise to beneficial 'Veepareeta Raja Yoga'. This yoga favours having sudden gains from unexpected sources but this happens in a place quite far away from the birth or native place. But for its peculiar attribute, you may tend to live dangerously and you may have some secret enemies in your circle who would like to cause you harm. You will possess a special ability to effectively utilise any available opportunity; but you may have to use dubious methods for fulfilling your purpose, which may later create problems for you. You may tend to take big risks and consequently may remain in perpetual tension. Although normally you will remain in good health and high spirits, accidental mishaps might occasionally lead you to bed-ridden condition and you may need hospitalization for short-durations.

If a natural benefic planet is situated in the 12th house or aspects it, you may become very extravagant; but

if a natural malefic planet is placed in the 12th house or aspects it, you may run the risk of incurring losses.

Lord of 9th House

In your chart, the ninth-lord is situated in the Ascendant, which is called the house of body (Tanu). As the 9th house indicates fortune, you will be exceedingly fortunate. If your Ascendant is Taurus as the 9th-lord will become the 10th-lord also and will shower material benefits throughout life. But if your Ascendant is Scorpio, then you may get just the opposite result since the 9th-lord will be debilitated. Your father may reside in a distant place or a foreign country; alternatively, his profession may have some connection with diplomatic service. You might have been born in a foreign country or a distant place or may go there in your early childhood, stay for a long duration and receive high education. If the

Ascendant-lord or the 5th-lord or the 10th-lord is well-placed or if a natural benefic planet is situated in or aspect any of these houses, then you are sure to rise to a higher station in life. If your Ascendant is Scorpio or Pisces and if your Ascendant-lord is in the 5th, as the Ascendant-lord will be exalted, you will be religious-minded, lead a saintly life and will tour round the world many times over on a cultural or religious errand.

If the Sun or Mars is situated in the 10th, your name and fame will be widespread and you will receive state-honour. If Saturn or Rahu is in the 7th, then you will become renowned for your abstruse policies.

Lord of 10th House

In your chart, the tenth-lord is situated in the ninth house, which is called the house of fortune (Bhagya). This is a highly beneficial combination as it constitutes partial 'Maha-Bhagya Yoga'. If in addition, the 9th-lord is also situated in the 10th, then it constitutes 'Dharma-Karma Yoga' which is the most praised planetary combination. If your Ascendant is Scorpio, then the yoga will gain further strength and if the Ascendant-lord or Jupiter is also well-placed, you will be a devoted religious person. Your mind will remain in exalted state and you will always remain engaged in performing worthy deeds. You will love the company of pious people, enjoy studying religious classics and listening to devotional discourses and will remain associated with the works for social upliftment; you may remain actively engaged in charitable deeds and philanthropic activities. You will become renowned, widely respected and your reputation will be lasting. You will have high education, hold a prestigious position and will be well-respected in society. Rather than words, you would live by your deeds and people will treat you as an embodiment of virtues.

You will have pilgrimages and may go to distant foreign places on academic, cultural or religious missions.

Lord of 11th House

In your chart, the eleventh-lord is situated in the Ascendant, which is called the house of body (Tanu). If your Ascendant is Aries, then the 11th-lord which is the 10th-lord also will be debilitated in the Ascendant; if the Ascendant-lord is not well-placed and if a natural benefic planet is neither situated in the Ascendant or in the 11th or aspect either of these two, you may not be fortunate in respect of profession and earnings; besides, the 11th-lord Saturn being a natural malefic planet and an obstructor (badhaka) as well, it may give rise to some health-complications -- the head might be the most prone part of your body. Otherwise, the position is highly beneficial in respect of having earnings from profession in abundance and plenty. If the Ascendant-lord is in the 11th, then a highly auspicious 'Dhana Yoga' is generated which will make you immensely wealthy -- this will be more so if your Ascendant is Taurus or Cancer as the Ascendant-lord will be exalted in the 11th. You will be highly fortunate in respect of having a large circle of friends and acquaintances who will be ever-ready to assist you and you will be moving in high circles. If your Ascendant becomes Aries or Gemini or Leo or Libra or Capricorn or Pisces, then your 11th-lord will be a natural malefic planet; you will have excellent earnings but with fluctuations. But if your Ascendant is Taurus or Cancer or Virgo or Scorpio or Sagittarius or Aquarius, then your 11th-lord will be a natural benefic planet; then your earnings will be ever-increasing steadily and gradually.

Lord of 12th House

In your chart, the twelfth-lord is situated in the Ascendant, which is called the house of body (Tanu). This position will make you imaginative and dreamy; if Jupiter or Mars aspects the 12th house or its lord, you will have great interest in the occult and mystic subjects. If your Ascendant is Aquarius, then the 12th-lord will be the Ascendant-lord also and will act more

like the latter; in such case, you can expect only favourable results as the Ascendant-lord in the Ascendant ensures over-all prosperity. If your Ascendant is Aries or Libra, then as the 12th-lord will be the 9th lord also, you will be religious-minded and fortunate in general affairs; you may have journeys to and gains from distant places/ foreign countries and if Mercury is well-placed, you will receive high education. If your Ascendant is Gemini or Sagittarius, then as the 12th-lord will be the 5th-lord also; this will give you good education, gains from speculative investments and you will be fortunate in respect of having worthy children. If your Ascendant is Leo, it will remain fairly neutral; and if the Sun is in the 12th, you may have your fortune in a distant/ foreign place and stay there for a very long duration. But if your Ascendant is Capricorn, then the 12th-lord will be debilitated in the Ascendant and cause you heavy expenditures and losses -- more so if Saturn is not well-placed. If your Ascendant is any other, you may have some unhappiness on account of your children.

But if it is situated within 3*20' of a natural malefic planet and if the 12th-lord is not well-placed while no natural benefic planet is with it or aspects it, then there might be some fear from powerful enemies who might be determined to cause you harm. Nevertheless, Pluto will exert its peculiar banishing influence so that if the actions of enemies become too marked, then in a subtle manner the

circumstances will become such that either the enemy will be banished from your environment or you will be removed to such a distant place that the powers of your enemies to cause you any harm will become totally useless. If Pluto is with Mars or Rahu or aspected by either, then you may have some connection with the persons who live by the sword during sometime in your life and if Mars or Uranus is situated too close to it, then at least once in your life you may have blood-cuddling experience; however, if the 12th-lord is well-placed, then regardless of the grave situation, you will manage to have a hair-breadth escape.
