The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single difference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should preferably be employed.

You are likely to be somewhat proud, have a passionate nature and hasty disposition; although you might be hard to please, yet you will have a subtle mind, remain modest and will be known for your good conduct. If Mercury is well-placed, then you will be very intelligent, quick to comprehend things, practical in your approach, highly active and will always remain occupied with productive work. If your Ascendant is Aquarius or Pisces, then the health of your spouse might cause you some concern.

Jupiter

In your chart, Jupiter is placed in sign Leo. This is a very fortunate position and it will make you magnanimous and noble, having lofty ambitions. You will be proud, daring and enterprising; you will also possess the gift of eloquence. You will be desirous to contend for honours and will always be in a position to make your own headway in a very ingenious manner. You will acquire wealth and receive honours for your meritorious deeds. You will enjoy happiness from your co-borns, spouse and children.

Saturn

In your chart, Saturn is placed in sign Leo. If the Sun is not well-placed, you may face numerous difficulties through diseases and strife through spouse, progeny or kinsfolk. Your servants or employees may become inimically disposed and cause you troubles. Although you will be generous and have a tolerably good disposition, you may not be very valiant or courageous when put to test. You may suffer from cramps or eye diseases and may get entangled in frequent quarrels or a long-drawn law-suit.

Moon

The Moon is situated in sign Scorpio in your chart; so your 'Janma-Rashi' (or Chandra-Lagna) is Vrishchika. Your mental qualities and certain other characteristics will be governed by this feminine, watery, fruitful, stingy-natured and fixed sign and, to some extent, by its sign-lord Mars.

Moon in sign Scorpio is considered to be a somewhat 'tricky' position. If the Moon is involved in square or opposition aspect with either Saturn or Mars, it might make you irregular, contentious and impulsive in actions; besides, you may suffer from some diseases affecting your private parts or you may suffer from some persisting pain. But if the Moon is in conjunction or in aspect with Jupiter or Venus, you will be very fortunate and will have a jovial or cheerful disposition. Moon in this position, however, makes one very fortunate in respect of earnings. You will have lot of dealings with the public and run a brisk business.

Rahu

In your chart, Rahu is placed in sign Cancer. It is a good position if your Ascendant happens to be Libra or Pisces; but if your Ascendant is Aquarius, the health of your spouse might cause you some concern. If the Moon is well-placed or if Jupiter or Venus aspects it, your financial position will be much improved and you may have good gains from distant places and foreign sources. If associated with or aspected by malefic planet(s), then you are likely to face many problems resulting from a variety of causes.

Ketu

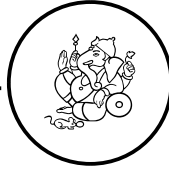

In your chart, Ketu is placed in sign Capricorn. It is a favourable position if your Ascendant happens to be Libra or Pisces; but if your Ascendant is Capricorn, the health of your spouse might cause you some concern. If Saturn is well-placed or if Jupiter or Venus aspects it, your financial position will be much improved and you may have good gains from distant places and foreign sources. If associated with Mars, then you may have a palatial building. If the Sun or the Moon is close to Ketu, then you may suffer from difficult-to-cure diseases or face many problems stemming from a variety of causes.

Uranus

In your chart, Uranus is placed in sign Libra. You will be a romantic person at heart, still you will have the uncanny ability to retain a perfect balance between your thought and action. You will be able to propel people towards you almost magnetically and form ties or associations very quickly; yet you may soon lose your interest to retain the relationships, as you will be interested in forming newer ones. You will have fun outdoors; but while at home, the grass will appear to be greener on the neighbour's side.

Neptune

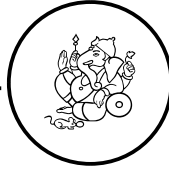

In your chart, Neptune is placed in sign Scorpio. If Neptune is associated with or aspected by Jupiter or Venus, then your psychic capacity might be more accentuated and you may possess the ability of divination and foretelling. If Neptune is afflicted by malefic planet(s), then you may have coarse

features with your sensuous side intensified. You may become jealous and may have a nasty temper.

Pluto

In your chart, Pluto is placed in sign Virgo. It tends to make the body slim, but keeps it fit and fine. If Mercury is well-placed or if Jupiter or Venus is associated with or aspects Pluto, then it will give you an exalted view of self-importance. But if Mars or Saturn is in square or conjunction with Pluto, then it will give you a bullying tendency of hurting them who disagrees with your views or attitude.

Prediction On The Basis of Bhavas

Ascendant Lord

In your chart, the Ascendant-lord is situated in the sixth house, which is called the house of disease (Roga). Besides, it governs over ulcers, wounds, ill-disposed relatives, thieves, enemies, arms, wickedness, sin, fear, humiliations, etc. If modifying influences are not present in your chart, then you may have to face some problems from one or more such sources. If your Ascendant is either Libra or Taurus, then you will be fortunate in respect of the 6th house affairs as your Ascendant-lord will be exalted or in own house respectively. Otherwise, this is not a very beneficial position; if your Ascendant-lord is a natural benefic planet, then you might be troubled by enemies and/ or maternal relatives who are likely to be ill-disposed towards you, although you are likely to come out successful in competitive exams and/ or competitions. But if it is a natural malefic planet, then although you might be valourous, you might be troubled by disease and suffer losses through theft. If the Ascendant-lord is either associated with or aspected by a natural benefic planet, you will have good earnings and enjoy a prosperous life. But if it is either associated with or aspected by a natural malefic planet, you may run into debt, may have fear from enemies or may run the risk of being publicly humiliated; alternately, you may receive accidental injuries.

Lord of 2nd House

In your chart, the second-lord is situated in the second house itself, which is called the house of wealth (Dhana). This is a highly favourable 'Dhana Yoga' combination and you will be very fortunate in respect of all favourable 2nd house attributes : wealth, family, speech, education, property, food and drink, enjoyments, etc. This combination specially favours the health and well-being of your spouse also. If the Ascendant-lord is also situated in the 2nd house or if a natural benefic planet is either associated with the 2nd-lord or aspects it, then the beneficence of the wealth-giving 2nd-lord becomes much more; If Jupiter or Venus is situated with the 2nd-lord, it makes one highly fortunate. If the 2nd-lord is neither associated with nor aspected by a natural malefic planets, it gives wealth in abundance through honest means. If Saturn or Ketu is situated close to the 2nd-lord, then it might cause squeezing of the inflow of earnings and may create quarrels and misunderstandings among the family-members; if Mars or Rahu is situated close to the 2nd-lord, then it can give wide fluctuations. If a 'combust' or "eclipsed" planet is situated in the 2nd house, then it indicates disease affecting the body-part denoted by the sign it is in.

Lord of 3rd House

In your chart, the third-lord is situated in the third house itself, which is called the house of courage (Vikrama). Besides courage, valour, prowess, etc this house also rules over right ear, arms, shoulders, (younger) siblings, cousins, kindred, neighbours, short journeys, news, correspondence/ communications, writings, etc. It will make you fortunate in respect of most of the 3rd house indications -- more so if the Ascendant-lord is in the 3rd house or if it aspects the 3rd house or if a natural benefic planet is situated in the 3rd house or aspects it. If a natural malefic planet (who is neither exalted nor in own house) is situated in the 3rd, it will make you very courageous but it affects the health and well-being of the younger co-borns. If a natural benefic planet is associated with the 3rd-lord or aspects it, you will be very fortunate in respect of having co-borns and it will make the relationships with the kindred very cordial but if a natural malefic planet is associated with the 3rd-lord or aspects it, the relationships with the co-borns and also with the kindred may not be very cordial; if malefic influences are more, the relationships may become spoilt and you may have separation from your co-borns/ kindred. If the 3rd-lord is weaker than the 8th-lord, then it is an assurance of having a good longevity and possibility of facing accidents will be less.

Lord of 4th House

In your chart, the fourth-lord is situated in the eighth house, which is called the house of longevity (Ayus). You must need to be specially careful when you will be crossing over the bridges or will remain on or over the surface of large watery bodies like lakes, rivers, etc -- more so if you are a male person. This position is never good as chances of drowning is feared -- which may even lead

to tragic death prematurely -- unless modifying combinations are present in the chart. Worst becomes the case if the Ascendant is Aries as the 4th-lord Moon, becomes debilitated in the 8th. However, the condition will be considerably improved if Jupiter or Venus is situated in or aspects the 8th house while opposite would be the result if the 8th house is influenced by a natural malefic planet. If the Moon is either associated with or aspected by a natural malefic planet, you may lack peace of mind altogether and the health of your mother might cause you serious concern. If Mercury is ill-placed, education might be affected; but if Mercury is well-placed, it will give 'application-oriented' education and you may have interest in occult subjects. If Mars is associated with or aspected by a natural malefic planet, there could be quarrels in your family and chances of losing property through impetuous capturing, litigation or calamitous happening will hang on.

Lord of 5th House

In your chart, the fifth-lord is situated in the fourth house, which is called the house of happiness (Sukha). Besides, one of the main attributes of the 4th house is education while the chief attributes of the 5th house are intelligence, merit, etc. You will be intelligent, meritorious as well and will be fortunate in respect of having good education with honours/ distinction. The 5th-lord situated in the 4th will give you 'application-oriented' education; you might acquire a prestigious professional qualification -- more so Mercury is also well-placed. As the 5th house rules over rank also while from the 4th house the aspect falls on the 10th which is the house of profession, you will be a person of rank in service. If the 11th-lord is also well-placed or if a natural benefic planet is either situated in or is aspecting the 4th or the 5th or the 11th houses, then you are likely to secure a position of rank and remuneration and enjoy a high status. Since the 4th house is the 12th (or Vyaya) from the 5th, if you are a male person, then this position is not favourable for child-birth -- more so if the 4th-lord is a natural malefic planet or a natural malefic planet is also situated in the 5th. If Rahu or Ketu is also situated in the 5th house, although it is sure to give academic or professional distinction, it will also cause difficulty in child-birth and give more daughters.

Lord of 6th House

In your chart, the sixth-lord is situated in the third house, which is called the house of courage (Vikrama). This is a favourable position as the lord of a weak house is situated in another weak house, thereby losing the maleficence of the house it owns and mitigating the otherwise possible evil effects of the house it is situated in. You are sure to come up in life quite suddenly and in a spectacular manner. The position is beneficial for receiving out-of-turn benefits by virtue of having some proficiency or some acquired special skills. You may do well in out-door sports and athletics; alternatively, you may join in some active services where by virtue of your extra-ordinary performances, you may be able to turn heads and command due respect. In your early years, your kindred and colleagues may not be helpful and they may even become jealous later; but you will be able to overcome all your enemies -- more so if a natural malefic planet is situated in the 3rd house. If a natural benefic planet is situated in the 3rd house or aspects it, then you may do well in a publishing house by serving as a correspondent, a writer or an editor; and if that happens with the 6th house, then it will safeguard your prospects. If your Ascendant is Leo, then your 6th-lord Saturn will be exalted in the 3rd and you can look forward to the very best results; but if Saturn is retrograde while the Moon is also in the 3rd, then it might affect the health and well-being of your mother.

Lord of 7th House

In your chart, the seventh-lord is situated in the second house, which is called the house of wealth (Dhana). If your Ascendant is either Aries or Libra, then the 7th-lord will be the 2nd-lord also; the 2nd-lord situated in own-sign in 2nd will make you fortunate in respect of your family and wealth. You may earn a lot by running a brisk business. If Jupiter or Venus is also situated in the 2nd or aspects it while the 7th-lord is associated with or aspected by a natural benefic planet, then you may have gains from law-suit(s); reverse will be the results if natural malefic planets are situated in the 2nd and the 7th both and if Saturn or Ketu is situated either in the 4th or the 8th. If your Ascendant is Cancer, the 7th-lord will become the 8th-lord too and will aspect it; this will make your longevity high and you will lead a trouble-free life. In other cases, it is not very good as the 7th and the 2nd both are 'maraka' houses and one maraka-lord situated in another gives rise to health-problems. If the 7th-lord is a natural malefic planet, then in 2nd it can affect eye-sight -- more so if either the Sun or

the Moon is also associated with a malefic planet; if either Rahu or Ketu is also situated in the 2nd, violent quarrels may break out in your family all on a sudden and may result in separation(s). If your Ascendant is Capricorn, then you may suffer from blood-pressure or the shank portions of your legs might become swollen owing to accumulation of body-fluids.

Lord of 8th House

In your chart, the eighth-lord is situated in the sixth house, which is called the house of disease (Roga). Besides disease, the 6th signifies enemies and wounds whereas the deadly 8th indicates professional set-back, grave misfortunes, facing immense difficulties arising from accidental or calamitous causes, etc. This is still considered to be a favourable position as the lord of a 'trika-house' when situated in its same own house gives rise to a beneficial yoga which ensures material prosperity by having a kind of meteoric rise. You are likely to have very high ambitions and invent dubious ways for realising them; you may tend to take grave risks and bulldoze your way through life by instilling fear. Although you will be able to overcome your enemies, they might be waiting behind the screen with their scary designs. You should therefore need to take precautions and you are better advised to mend your style of running with heavy fuel. If a natural benefic planet is situated in or aspects the 6th or the 8th, then the dangerous tendencies will remain in control whereas if a natural malefic planet is situated in or aspects the 6th or the 8th, then only more fuel will be added to the fire. As the 8th is the 2nd from the 7th while the 6th is the 12th from the 7th, you are likely to have gains from your spouse and from your business-partner -- if any.

Lord of 9th House

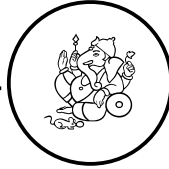

In your chart, the ninth-lord is situated in the fifth house, which is called the house of merit (Purva-punya). The lord of fortune situated in the house of merit will make you very fortunate; you will be very intelligent, have a retentive memory, have good education and proficiency in various subjects. If the Sun is well-placed, you will be very fortunate in respect of your father. If Mars is well-placed, you will be very fortunate in respect of your younger co-borns. If Jupiter is well-placed, you will be very fortunate in respect of your children. The beneficial results will be boosted further if in addition the 5th-lord is situated in the 5th or the 9th. If Jupiter is situated in or aspects the 5th house or the 9th house, all your life you will be protected by divine grace while if Saturn is situated in or aspects either of these two houses, then you may have to face constraints and limitations; if mixed influences prevail, the results will be mixed. If your Ascendant is Leo or Aquarius, the 9th-lord will become the 4th-lord too; then you will have 'application-oriented' education. If the Ascendant is Leo, then the 9th-lord will be a natural malefic planet; if another natural malefic planet is also situated in the 5th, then one may have difficult child-birth.

Lord of 10th House

In your chart, the tenth-lord is situated in the fifth house, which is called the house of merit (Purva-punya). This is a fortunate combination and you will be a person of rank occupying a respectable position -- more so if the 5th-lord is in the 5th or 10th or aspects either of these two houses. Your profession may have some connection with entertainment fields or speculative investments. As an angular (kendra) lord placed in a trinal (trikona) house, the 10th-lord will become a 'temporal' yoga-karaka and bestow you with material benefits -- more so if your Ascendant is Cancer or Capricorn as the planet will be the natural yoga-karaka too, placed in own-sign. If Mercury is well-placed, you may have good education in an 'application-oriented' field; if Saturn, Mars or Rahu influences the 5th, then you may study engineering or technology; if Mercury influences it, then it may be accountancy; if Jupiter or Venus influences, then it might be law; if the Sun influences, then it could be management studies; if the Moon influences, then it could be medicine; if Ketu influences, then it would be computer education. If the 5th is influenced by the 5th-lord, Jupiter and Mercury either by position or aspect, you will be a versatile genius.

Lord of 11th House

In your chart, the eleventh-lord is situated in the fifth house, which is called the house of merit (Purva-punya). This is a highly fortunate position as the 11th-lord will be aspecting its own house and shower you with its choicest blessings; as it gives rise to auspicious 'Dhana Yoga', it will steadily push you up through the rungs of social ladder. This position favours receiving excellent

education and it will make you highly intelligent; you are sure to occupy a prestigious and lucrative position. You will move in high circles and will have gains from various sources including speculative investments and entertainment fields. The circle of your friends and acquaintances will be very large, and they will always be ready to assist you actively. This position also favours the prospect of having worthy children -- more so if the 5th house is also well-disposed or if a natural benefic planet is situated in or aspects the 5th house. Your mind will be fruitful and you will always remain engaged in creative pursuits; if Venus is well-placed, then you may gain some proficiency in the field of fine arts and if Mercury is well-placed, then you would be able to weave fantastic webs and by using your pen, you might be able to make thousands, perhaps millions, think.

Lord of 12th House

In your chart, the twelfth-lord is situated in the fifth house, which is called the house of merit (Purva-punya). Since the 12th is the 8th from the 5th, this position is not beneficial for child-birth; also for the same reason, the position indicates possibility of incurring losses from speculative investments. However, if the 5th-lord is situated in own-house or a natural benefic planet is situated in the 5th or aspects it, then the conditions will be much improved. If Jupiter is situated in the Ascendant or in the 5th or in the 9th, it would safeguard you upto a great extent. If Mercury is ill-placed while only natural malefic planet(s) influence(s) the 5th house and the 5th-lord is also ill-placed, then you may suffer from memory-related diseases after facing some accidental or calamitous mishap. Although you may have a fertile imagination, if Venus is well-placed, then only you may have progress in artistic or entertainment fields. You may have a great longing for having love-affairs; if a natural benefic planet is situated in the 5th or 7th or aspects either of these two houses, then only you can be fortunate in this regard. If your Ascendant is Taurus or Scorpio, then the 12th-lord will be the 7th-lord as well; which for being in the 5th, indicates possible love-marriage.

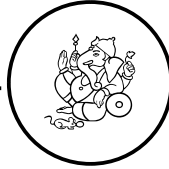

Results for Planets in Houses

Sun

Since the Sun is situated in your 4th house and thereby has lost his directional strength (Dik Bala), you may not have much of chance of receiving honours till a very late age-period in life -- unless some modifying influences are present in your chart. You are likely to remain attached to your father and might be proud of your material possessions. If your Ascendant is Taurus, then the 4th-lord will be in own-house; you will have good education and you will do well in your native place. If your Ascendant is Scorpio, then as your 10th-lord will be aspecting its own house, you will be successful in your sphere of profession and rise to a high position. If your Ascendant is Capricorn, then the 8th-lord will be exalted in the 4th; you will have good education and may immensely benefit by receiving big sums as loans from major financial institutions. If your Ascendant is Cancer, then the 2nd-lord will be debilitated in the 4th which may cause you unhappiness on account of your family and wealth. This position will make you inclined to secrecy and may arouse your interest in the study of occult or mystic subjects in which you may become an adept soon.

Mercury

Since Mercury is situated in your 3rd house, you will have a very restless and an incessantly active, busy mind. You will be an avid reader and gather knowledge and information about various useful branches of science. You will be an accomplished person and will be well refined in your taste; you might be well versed in classic and contemporary literature as well. Your profession might involve much writing; otherwise, you will pick up a hobby which will offer immense scope and opportunity. Although you may not be very patient, you will have the unique ability to get at the root of things pretty quickly. You will have many journeys to short-distance places which will bear fruit. You will have many friends everywhere. If your Ascendant is Aries or Cancer, as Mercury will be in own house or exalted, you will become very happy in respect of your younger co-borns and you would do well in academic and intellectual pursuits -- more so if Jupiter is with it or aspects it. But if your Ascendant is Capricorn, as it will be debilitated, the opposite may happen unless Jupiter is

well-placed; besides you may face some problems during journeys.

Venus

Since Venus, a natural benefic planets, is situated in your 2nd house, you will be very fortunate in respect of family and wealth. But it may make you inclined to extravagance and luxury; if you are a male person, then you may spend for pleasure while if you are a female person, then you may spend on dresses and finery. This will be more so if your Ascendant is Aquarius as Venus will be exalted in the 2nd; if your Ascendant is Aries or Virgo, Venus will be in own-house in 2nd and it will offer auspicious results. But if your Ascendant is Leo, Venus will be debilitated in the 2nd which is not desirable but if it is associated with or aspected by a benefic planet, then you will be a successful and respectable person in society. If Venus is placed too close to Mars, and Jupiter is neither with them or aspect them and if they are not in the sign or star of Jupiter, then you might be very fond of enjoying the company of the people of the other sex.

If Jupiter is with it, then you will be specially fortunate in respect of having happiness from spouse and children and you may have more female children. If Venus aspects Jupiter, then you may take up study of law. If Mercury is with it, then you may be attracted to fine arts or may create wonders by using the pen.

Mars

Since Mars is situated in your 6th house, you will be fortunate in many respects; you are likely to run a business, have good gains and will vanquish your enemies. If your Ascendant is Aries, Taurus, Gemini, Virgo, Scorpio or Sagittarius, then you will enjoy favourable 'Veepareeta Raja Yoga' results; if it is Gemini or Scorpio, you would be successful in competitive examinations or may win in competitions. If your Ascendant is Leo, you will be well-placed in service as Mars will be exalted in the 6th; but if your Ascendant is Aquarius, then Mars will be debilitated in the 6th and you may suffer from acute diseases affecting your head if Saturn is not well-placed -- it may require surgical treatment. You may develop a quick-to-anger disposition as Mars will be aspecting your Ascendant. You may become abusive to your employees and some of your disgruntled employees may cause you losses by deceptive acts or thievery.

Jupiter

Since Jupiter is situated in your 5th house, you will be a gifted person and will be exceedingly fortunate as the best of the natural benefic planets will be aspecting your 9th (= father, fortune, etc), the 11th (= earnings, friends, etc) and the Ascendant (= body, all affairs in general), besides benignly guarding the 5th house (= merit, rank, childbirth, etc). This will be more so if your Ascendant is Pisces as Jupiter will be exalted or if your Ascendant is Leo or Scorpio as Jupiter will be in own house; then you must have been born in a noble family with a lot of 'purva-punya' to your credit, live a long life in happy circumstances and may leave your distinctive mark in some creative fields. You will be fortunate in respect of your grand-father, father and children as well. You will be a learned person and will have religious inclinations; you will have many journeys to distant places and may travel in foreign countries on a religious or cultural errand and may also visit the pilgrim centres. If your Ascendant is Virgo, then Jupiter will be debilitated in the 5th; then you may not be fortunate in respect of your education and child-birth unless Saturn is well-placed or a natural benefic planet like Venus or Mercury influences the 5th house by it's position or aspect.

Saturn

Since Saturn is situated in your 5th house, you may not be very fortunate in respect of your rank, speculative investments, creative faculties, love-affairs, child-birth, etc -- unless Saturn is well-placed in your chart. If your Ascendant is Gemini as Saturn will be exalted or if your Ascendant is Virgo or Libra as Saturn will be in own house; then you must have been born in a decent family with a lot of 'purva-punya' to your credit, live a long life in happy circumstances, occupy a good rank and may leave your distinctive mark in some field. If your Ascendant is Sagittarius, then Saturn will be debilitated in the 5th; then you may not be fortunate in respect of your education, rank in service and child-birth -- unless Mercury is well-placed or a benefic planet influences the 5th house. If a natural benefic planet influences the 5th, then it will improve things but if a natural malefic planet influences the 5th, you may have some disappointments.

Moon

Since the Moon is situated in your 8th house, you will have a smiling disposition and will be endowed with pleasing manners -- more so if the Moon is 'waxing'. If your Ascendant is Libra, then the Moon will be exalted in the 8th and will give you a long lease of life; if your Ascendant is Sagittarius, then the Moon in own-house will also give the same result. But if the Moon is either close to the 8th-cusp or if a natural malefic planet is situated close to the Moon -- unless there is any modifying combination present in your chart -- in case if you are male, the possibility of facing some serious accidental mishap is feared which might even cut your life short while if you are a female, the health and longevity of your spouse may come under doubt. If your Ascendant is Aries, then the Moon will be debilitated in the 8th and if Mars is not well-placed while no natural benefic planet is with the Moon or aspects it, then there is great risk of drowning. If Ketu is close to the Moon, you may have to undergo a major surgical treatment; if Rahu is close, then you may have fear from poison; if Saturn is close, then you may have fear of fall while if Mars is close, then you may have fear from weapon or fire. The Moon in the 8th gives the 'end' in a public place.

Rahu

Since Rahu is situated in your 4th house, you will enjoy favourable results in some respects as Rahu in such a position acts as a 'yoga-karaka' and ensures material prosperity. This will be more so if Rahu is in Taurus or Virgo or Aquarius; but it may not give favourable results if it is in sign Scorpio -- unless Mars is well-placed or it is associated with or aspected by Jupiter or Venus. If Mercury is well-placed, then you will have good education and if Mercury is in an angular (kendra) position from Rahu, then you will gain academic distinction. If a natural malefic planet is with Rahu or aspects it, then your mother's health might be affected and you may not be very lucky so long you would stick to staying in your native place. If the 10th-lord is not well-placed and the 10th house is not associated with or aspected by a natural benefic planet, then in connection with your profession you may have to deal with low-class, mean-minded people.

Ketu

Since Ketu is situated in your 10th house, you will be fortunate in respect of your profession if your Ascendant is Aquarius or if the 10th-lord is well-placed or if a natural benefic planet is with it or aspects it. If the Sun is with it but not very close, you may be in medical profession if the Moon and the 6th-lord are well-placed in the 4th or the 5th. If your Ascendant is Leo, then for debilitated Ketu in the 10th, you may face some problems in your sphere of profession as mean-minded people of low socio-economic status may secretly work against you and you may become a victim of back-biting. In all cases, as Rahu will be situated in the 4th, it will act as a beneficial 'yoga-karaka' and you are likely to come up in life by dint of your education -- this will be more so if Mercury is also well-placed. If Mars is situated together with Ketu, then your profession may have some connection with electricity-board or fire-fighting but if Mars aspects it, then you may have a fortune from real estate or by dealing in poisonous chemicals like pesticides/ insecticides. This position is however not favourable for your father's wealth as he might incur losses through theft or calamitous causes during sometime in his life and your family may have a hard time.

Uranus

Since Uranus is situated in your 7th house, you are in for trouble. It may make you somewhat adamant and stubborn -- unless the Ascendant-lord is well-placed. You may have impulsive attachments and create many open enemies whom you may have to contend with owing to your own unyielding nature.

In forming business-partnership or marriage-alliance, you may become unusually hasty and you may have to repent forever afterwards as such things are very frequently followed by estrangement or separation. However, if the 7th-lord is well-placed or if a natural benefic planet is situated in the 7th or aspects it, then the situation will be improved. If the 11th-lord is well-placed, then it is beneficial for gaining unusually big favours from influential people of aristocratic background and you might suddenly be shot to prominence. If Uranus is with Rahu or is situated in Rahu star, then you will have good gains from the electronics field.

Neptune

Since Neptune is situated in your 8th house, you may face financial difficulties after marriage as your spouse might be careless or indifferent in money-matters and disposed to luxury. If Neptune is situated close to the 8th house-cusp or to another natural malefic planet while the 8th-lord is not well-placed, then you might have to suffer because of falling into trances. If Neptune is in close conjunction with or in square or opposition aspect to Mars or Uranus, then you might be a heavy drinker or you might be addicted to drugs; alternately, you may become a victim by taking wrong medicine or some poisonous substance owing to your own or somebody else's mistake. If Saturn is instead involved in similar situations, then you may suffer from some strange kind of fears like those of ghosts/ spirits or may become a victim of witchcraft/ black magic. If Neptune is situated close to the Moon, then you may have strange dreams; if it is close to Mercury instead, you may have wrong beliefs and acquire an argumentative nature. In either case, if Jupiter is also not well-placed, you might even turn out to be an incorrigible and disdainful fanatic person.

Pluto

Since Pluto is situated in your 6th house, your profession may have something to do with some uncommon fields like mining, explosives, demolitions, etc; it may even be related to atomic energy or nuclear process planets. As you might be vulnerable to exposure to emissions like fumes, smoke, radiations, etc., if your 6th-lord is not well-placed and if a natural benefic planet is neither in the 6th nor aspects it, then you may suffer from some rare kind of diseases which might even be terminal. If a natural malefic planet is in the 6th or aspects it, it would only worsen the condition and intensify your sufferings. This position is not conducive for having cordial relationship with your relatives and as regards dealig with your sub-ordinates/ employees, you may tend to bulldoze your way through life. Your enemies might try to cause you harm but they will never be able to do so as you will adopt ruthless methods to uproot them.
